

# 2025X

HexArmor®

The Rig Lizard® 2025X provides maximum safety in tough situations. With our highly flexible IR-X® Impact Exoskeleton™ sewn-on to the back of the hand, your hands will experience a whole new level of protection from smash and pinch injuries with Level 2 impact protection. An interior layer of SuperFabric®\* brand material on the palm provides level A6 cut and level 5 puncture protection, while the durable TP-X+® palm maintains the highest levels of abrasion resistance and grip even in the most saturated situations. An elastic cuff completes the glove for a secure fit.

## Protection zones
