

10-302

The NXT® Series takes a knit ambidextrous glove structure and delivers the highest cut-resistance levels by adding SuperFabric®* brand material armor plating on top of a Coretek® cut resistant performance shell. This technology means we give your employees the best tools in safety: high cut-resistance, shielding from puncture hazards, and dexterity to perform their job. In other words, NXT® Series is the ultimate in mechanical protection, a true revolution in hand protection.

Protection zones

ANSI/ISEA CUT Coretek® shell **A1**
ANSI/ISEA CUT SuperFabric® area **A7**

GRAM SCORE Coretek® shell **405**
GRAM SCORE SuperFabric® area **4196**

UK CA CE EN 388: 2016 **4X42A**

*This product meets the FDA criteria covering safe use of rubber article intended for repeated for both aqueous and fatty foods. Note: the above analyses were performed by the FDA and California Department of Health Services (DOHS) certified laboratories. The above test parameters are hereby certified and confirmed.

Attributes

Shell:	Coretek® HPPE blend
Grip:	Dry
Cuff Style:	Elastic
Sizes:	5/XXS through 12/3XL Ambidextrous, sold in eaches

Product features

NXT® Food Service

- SuperFabric®* brand materials provide industry-leading cut resistance
- 3-finger coverage targets primary area for knife strikes
- Shielding design of fibers and guardplates reduces the ability of fibers to “window,” or separate
- High dexterity Coretek® fiber keeps hands cool and comfortable
- Elastic cuff for a comfortable fit
- Designed to be worn under standard nitrile, latex, or vinyl glove
- Meets European food migration testing (EN 1186:2002 SI 1998 No 1376*)
- Launderable/sanitizeable (can be washed in a commercial dishwasher)
